Dear CDSD Parents & Guardians: Return to School Survey, Part 2:

If, at this point in time, you are planning to have your child return to the school building beginning August 24th, there is no need to complete the survey link.

We understand, however, that some families may still be reluctant to return to the buildings at this time. Because the District appreciates those concerns, we plan to offer families the option to continue learning remotely under a more robust distance learning system that is being upgraded this summer.

The services provided to students participating in distance learning will mirror those in the brick-and-mortar schools. If you plan to opt for distance learning, please complete the survey link below for each child who attends a CDSD school.

In order to assist you in making this important decision, please refer to the draft chart. More specifics will be forthcoming in the weeks ahead. We understand that you may change your mind based upon this and other information – and that is fine to do so.

As a reminder, for the safety of our students and staff, the District is striving to adjust its practices to be more consistent with the school safety guidance issued by the CDC and the Pennsylvania Department of Education.

While there may be practical constraints that prevent total social distancing at all times during the school day, many adjustments are being made to allow as much separation among students and staff throughout the day as is feasible within our buildings. Please note that the state has recently mandated students and staff wear masks if 6 feet social distancing cannot be maintained.

Also, it is important to note that, although we are very excited about returning to our school buildings, the dynamic nature of the governmental guidance and directives means that things may change quickly, and we may be forced to adapt on short notice.

If events occur that force the District to pivot and pursue a new direction, we will let you know as quickly as possible. We believe that offering families the choice of returning to in-person instruction or continuing with online learning will enable each and every one of our students to get the high-quality education that they deserve.

**Deadline for completion is July 14, 2020.**

Please contact your building principal if you have questions.
