

## **CDSB TRANSPORTATION UPDATE – AUGUST 16, 2023**

Due to the ongoing driver shortage and in order to decrease student travel time, Central Dauphin School District Transportation has decreased the number of bus stops for this upcoming school year. As a result, some students' bus and/or bus stop may not be the same as in the previous years and should there be any delays, you will be notified via My Ride 360 app.

*The Traversa Ride 360 student busing app, <https://www.cdschools.org/Page/26624>, will allow you to view your student's bus details. You will need your student's ID number available via student schedule/class assignment letter for the 2023 school year, last year's report card, K-12 Payment Lunch Accounts, IEP paperwork and Home Access Center (HAC). Click the link to view an informational video on **"How to Navigate Traversa Ride 360 App Video"** - [Traversa Ride 360 Parent Video](#) (If your student is a Walker and/or transportation is not being utilized, you will see "No Active Runs" ).*

### ***Traversa Ride 360 will allow:***

- ***Access to your student's transportation assignment***
- ***View messages regarding delays & bus changes***
- ***Real-time ETA of your student's bus arrival (for security reasons, access to track the bus' location throughout the bus run is not available)***

*Please make sure you check the Traversa Ride 360 for any updates prior to the start of school.*

After the start of school if/when changes are made to your student's busing, the information will still be sent to your student's school prior to the effective date and will also be available on the My Ride 360 app.
