

Hello Community!

We are always looking for lightly used donations of items or funds to support our school-wide store. Donations are greatly appreciated as this supports our students and our PBIS program here at Tri-Community. If you are doing any cleaning out at home, we are collecting gently used stuffed animals, pencils, games, books, stickers, bracelets, candy, fruit snacks, notebooks, etc. –anything that looks fun for kids!

Thank you in advance for anything you are able to donate to our students, the kids really enjoy cashing in what they've earned with good behavior.

Donations can be dropped off to the office, sent in with a student, or given to us at any school event. We have a donation bin in the office where supplies can be given and we will make sure they get to our school store.

If you have any questions, please call the school!

Thank you,
Tri-Community School
