

STEM Summer Enrichment Program (STEM-SEP)

Monday – Friday, June 12 – 23, 2023, 8:30 a.m. to 4:00 p.m.

Science, technology, engineering and mathematics (STEM) are crucial fields for driving innovation and competitiveness. **STEM jobs show the highest expectation for growth:** 17 percent compared to 10 percent for jobs overall. *It is currently estimated that there are as many as 2.4 million unfilled STEM jobs in the United States.*

Penn State Harrisburg's School of Science, Engineering and Technology announces an exciting **two-week STEM Summer Enrichment Program** for local high school students who are accepted into the program.

High school students **currently in the 10th and 11th grades** are invited to apply!

This workshop is designed to improve students' knowledge through hands-on activities in a variety of STEM areas including **mathematics, computer science, physics, chemistry, biology, civil engineering, mechanical engineering and electrical engineering.**

Activities and Benefits

- Students will participate in field trips, demonstrations, experiments, projects, and learn how to create scientific presentations.
- Students will receive training materials and more!

Application details are available on our website at
harrisburg.psu.edu/STEM-SEP

Deadline to apply is 5:00 p.m. on February 17, 2023.
