

March 16, 2020

Greetings parents/guardians of Chambers Hill.

As you know, the schools have been closed for two weeks beginning today. The best way to ask questions or receive support is to email me at jamiller@cdschools.org or email your child's teacher. While the building will be closed, we will still be available by email. You should have received an email from your child's teacher regarding opportunities to enrich and continue the learning of your child. Please know that these are recommendations and suggestions. Assignments will not be graded and are not mandatory. Please also visit the district web site, www.cdschools.org for other learning ideas. We hope that everyone is able to continue learning during this time away from school.

Please keep up to date with district communication through the web site and automated phone calls, text messages, and emails. Updates will be sent as information is provided and/or changed throughout the coming days.

Please be safe and take care of your families. We hope to see everyone in the near future.

Take Care,

Dr. Miller

Principal

Chambers Hill Elementary School
